Martin Segal: Drenched in Relationship  
30/05/2010

On Sunday morning we looked at how Christians have a relationship with Jesus that is both restored and revealed. We saw that everyone had rebelled against God and broken the relationship he had made us for and that Jesus was the restoration plan. Please use these questions as a help for your word section at cell.

Read John 14:16-21

- 1) Jesus refers to the Holy Spirit as a helper (verse 16), do you have any testimony of when the Spirit has helped you grow in your relationship with Jesus?
- 2) Why would you say a relationship with Jesus is so special? Please include personal testimony if you can.
- 3) How can we as a church, you as a cell and you as an individual allow more opportunity for Jesus to manifest himself to you as he says in verse 21?
